How To Use This Index

This reference index contains every case reported in 2007 in *Premises Liability Report*. The index is organized into three sections:

Section A - Cases Reported, by Parties

The parties in the style of each case are listed in alphabetical order, by both plaintiff and defendant.

Section B - Cases Reported, by Jurisdiction

Each case is listed under the court jurisdiction in which the case was decided. First listed are the federal appellate courts, e.g., the U.S. Supreme Court and the circuit courts. Next listed are the states' appellate courts and the federal district courts.

For the A and B sections, the case name is followed by the issue number and page number on which the case begins.

Section C - Subject Matter Index

This section is organized alphabetically by major headings, and within each major heading by sub-topics. Topics are followed by references to the relevant case(s). Cases are cited to the issue and page number on which the case begins.

Also From Strafford Publications' Legal Publications Group

Security Law Newsletter

Monthly digest of court decisions and news on private security and premises liability, includes Annual Reference Index. \$297/one year; \$494/two years
